SMITHFIELD LOFTS

Putting Smithfield back... *centre stage*

Smithfield will be a dynamic place with something for everyone. At its heart will be the new market alongside a festival square and new cultural spaces that will allow Birmingham's musical and artistic communities to come together.

Alongside the new market and festival square will be business and leisure space, including hotels, cafés, restaurants and bars, helping to create a range of new employment opportunities with an estimated 8,000 jobs.

The plans also include space for over 3,000 sustainable and modern homes in a green setting, supported by a range of community facilities and green space at Smithfield Park, which will improve wellbeing and biodiversity.

EASTSIDE

Time to get onboard... *and invest here*

Smithfield will be the main beneficiary of a number of key infrastructure projects such as High-Speed 2 (HS2) and the conclusion of the city's Metro lines which will accelerate the growth of the city's economy, population, and – subsequently – its property market. The time to secure assets in Smithfield Birmingham is now.

Improvements to accessibility will see Smithfield gratefully absorbed into the heart of Birmingham's city centre, including the creation of walking and cycling routes, as well as a green pedestrian boulevard helping to connect the Bull Ring to the wider city centre and sustainable transport connections.
